INQUIRY INTO COAL SEAM GAS

Name: Ms Paula Glenn-Bland

Date received: 7/09/2011

Please disallow the continuation of the wrecking of the land through coal seam gas mining. It is terrible that we are in a situation where people in power are allowing this to occur. They can only be driven by money. This is a mercenary killing of the land. We need to stop this kind of behaviour and change the way we live.

Kindest regards,

Paula Glenn-Bland
