To: Royal North Shore Hospital Enquiry.

Subject: An incident of Concern

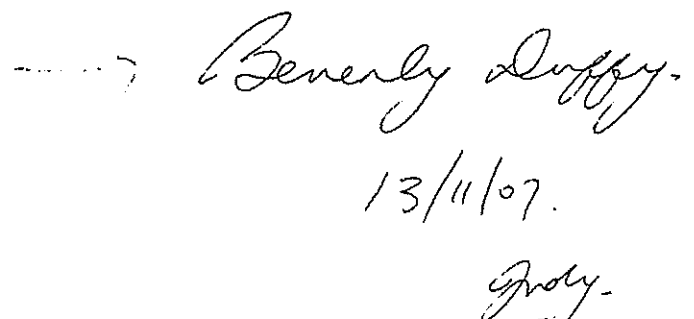

Mary Sarah Isaksen (d.o.b. 2.12.1907) currently a resident of McQuoin Park Nursing Home was admitted to Royal North Shore Hospital with multiple fractures after a fall in her unit at Justinian House Rocklands Rd Wollstonecraft on 10.9.2006. Mary was transferred to Greenwich Rehab on 13.10 06.

Some weeks into her stay at RNS Mary was in need of a pan to defecate. A nurse was attending another patient in the ward. Mary was desperate and reiterated her request. The nurse then told her to "do it in the bed" and it will be cleaned up later. The incident had appalling affect on Mary who continually repeats the event.

I, Kevin Isaksen, am Mary's son. Mary and I are happy to expand on this incident.

Kevin Isaksen 8.11.07.
