INQUIRY INTO GREYHOUND RACING IN NSW

Name: Name suppressed

Date received: 24/10/2013

Partially Confidential

I urge that an enquiry be held in the cruel racing greyhound industry. Contrary to the public persona which programs like GAP portray, there are thousands of dogs which are killed each year, and just as many that go missing and are never registered. Many other countries around the world have banned dog racing, including America, yet Australia is one of the few countries which still condones it as a sport. We need to keep up with the times, and realise that there is nothing humane, or normal about greyhound racing. Furthermore the fact that dog fighting is considered illegal, yet the greyhound racing industry kills thousands more dogs per year, in barbaric ways is still legal is a complete hypocrisy. We need to reveal the full extent of this cruel industry, and put a stop to it once and for all.
