Subject: Ethics in Schools

Hi there

I am a parent of two children in _____ and I FULLY support Ethics being conducted in our school and indeed other schools across Australia.

One of the beauties of being a young country is that we have the opportunity to grow and change and be open to all types of people, all types of religion, all types of beliefs and all types of conversations.

A program such as the Ethics one is a wonderful way to unite us as a community and a nation in allowing everyone to have a voice.

Thankyou
:)
