INQUIRY INTO GREYHOUND RACING IN NSW

Name: Mrs Kym Hayes-Parker

Date received: 16/10/2013

I would like to make my feelings known about the dire consequences surrounding the animals in greyhound racing. I feel deeply disturbed that these animals are being used, abused and killed in a very inhumane manner. Something needs to be done to put a stop to these dreadful atrocities. Where cruelty and abuse have been uncovered, suitable penalties and/or jail time should certainly be considered. Greyhounds should not be sent to countries where there are no animal cruelty laws. Something needs to be done to stop the high rates of greyhounds euthanized each year.
