A Submission to Committee Inquiring into Ethics Classes from Medowie Public School.

Dear Committee,

Medowie Public School held our P&C meeting on the 12th December. Our P&C President Bobbie Antonic motioned that we do a submission requesting the repealed of Legislation be stopped. The motion was passed by our committee.

We are truly concerned the Education Amendment (Ethics) Act 2010 may be repealed. If it was to be repealed, there would be no longer be a legal requirement to offer ethics classes as an option for our children not attending SRE classes. This is concerning and discriminates against those children and it is unacceptable to all the parents, children and NSW community.

Our school has three classes that opt out of SRE classes.

Please do the right thing for NSW community and do not repeal the legislation Education Amendment (Ethics) Act 2010.

Yours sincerely,

Ms Bobbie Antonic P&C President
