**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

Name: Ms Mia Fisher

Date received: 26/02/2009

Please accept this as a protest against the privatisation of goals in NSW. I know that the Junee goal is privately run and it is well known that that it is a TOTAL failure. I am seriously concerned and protest that the NSW government is considering the sale of other goals to private companies. It is totally inappropriate that the NSW Government can consider privatising any more goals. How did the sale of Junee goal sneak through, was every one in the state sleeping or are you all determined to destroy this state. You are certainly doing a fine job. If you sell assets they are gone, by all means lease them out but it is extremely foolish to sell assets.
