**INQUIRY INTO THE PRIVATISATION OF PRISONS AND  
PRISON-RELATED SERVICES**

---

Sir, I object to our prisons being privatised. It seems ironic that we are doing the opposite to what a lot of countries around the world are doing. We should be nationalising Junee instead and we should be ensuring that future State governments keep our gaols public. We have a few issues to work out but I feel that privatisation will worsen our situation. Give us a chance to work out our problems. We are dedicated, hard-working professionals and are proud public servants.
