## In Opposition to Same-Sex Marriage Laws.

For there to be peace on earth every government must strive for law and order and not toward lawlessness and disorder. The government is a state under the authority of God. It therefore should not make laws contrary to those which God has revealed in order for us to live peaceable.

Leviticus 18:22 says, "Do not lie with a man as one lies with a woman; that is detestable." If our government passes a law for same-sex marriage they do so in defiance of the Almighty God to whom they are accountable. This is true for all the other laws listed in that chapter of Scripture also.

In Germany in 1933 the government started making laws contrary to Scripture and the Christians went along with it. World War II revealed the consequences.

The whole world is on the verge of falling into the same mistake as Germany did back then and driven by a different Hitler – atheistic humanism primed by evolutionary thinking. The church like it was in Germany and many other places back then, so it is now. It is has sunken into secularism and humanistic teaching. The church must repent and turn back to God and faithfully stand up for His way of life. We must uphold the revealed laws of God who has our interests and wellbeing at His heart.
