Dental services in Nowra NSW. I am a health care card holder on a low income and therefore cannot afford to attend a private practice. Wait times when a problem arises are long sometimes more than 14 days. Usually the tooth is removed. No advice is ever given re dentures. Are they available to low income people. I waited on a list to have impacted wisdom teeth removed after 2 years i gave up waiting and 7 years after going on the list still have them. If dental care was covered under medicare for low income and those on welfare health issues related to bad teeth would be reduces thus saving millions of dollars in hospital costs.

Thats all thank you
