THE TRANSPORT NEEDS OF SYDNEY'S NORTH-WEST SECTOR

Name: Mr Christopher Walsh

Date received: 26/09/2008

Recommendations:

1. More bus lanes to allow buses more free access, especially on busy roads such as Pennant Hills Road and Carlingford Road.
2. Increase number and frequency of buses during school peak hour. Students are often left at Epping station due to the bus being full.
3. Provide better bus links for residents of Carlingford and North Rocks to travel to Castle Hill, a nearby major centre.
