Dear Madam

I pray for God to give you wisdom over the Ethics Course Act. I strongly support Scripture classes in schools and have been involved with teaching SRE for fifteen years. As I see the response of many children to God's love through the Bible teaching I'm convinced that all children should be allowed to the opportunity of learning about God and His plan for mankind in the bible. ~~Ethics classes.~~

Ethics classes fall short in this. There is no substitute for teaching from God's Word the Bible.

Yours sincerely
Robyn Brown
