## **THE TRANSPORT NEEDS OF SYDNEY'S NORTH-WEST SECTOR**

**Name:** Mr Robert Turner

**Date received:** 10/10/2008

---

The general concern over the lack of a rail service and adequate bus services is well known. I would like to comment on the unfairness of the motorway tolls Hills residents must pay. It seems to me that it is immoral, perhaps even corrupt, that the Govt pays a refund of tolls to a small selected group of residents in the south west while denying the same benefit to the rest of us. As I understand it this refund was initially an electoral bribe and has just continued since. Either all refunds are stopped and the money used more sensibly, or the benefit be extended to all toll payers.
