

INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Darla Brunner

Date received: 24/10/2013

As a sometime tourist to Australia, I was deeply saddened to hear about the lack of oversight and terrible cruelty in the dog racing industry.

If these dogs must be drugged, abused, injured and killed by the THOUSANDS when the tracks are DONE with them, like trash, then I don't think we even need dog racing. Apparently it is as barbaric as possibly imaginable.

Please do something to rectify this and do not allow Australia to be tarnished as a tourist destination.
