

INQUIRY INTO GREYHOUND RACING IN NSW

Name: Miss Emma Jackson

Date received: 5/11/2013

I do not support the industry of greyhound racing. It is barbaric and murderous and goes against animal rights. In this day and age we should know better than to make animals suffer for sport and entertainment. The hideous facts of greyhound racing and the treatment of these dogs is enough to shock the toughest Australian. Please put a stop to this inhumane, cruel industry. These animals cannot speak for themselves but we can stand up for them.
