INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 9/02/2013

Partially Confidential

First of All, this should involve Federal Government decision - the whole Australia decision, Rather than just NSW State Government issue. I do not think this motion is appropriate.

I strongly object 'same sex marriage'.

Marriage can only happen between 1 man and 1 woman.

This is the most basic family core structure & social value supporting the whole society. Father(Male) & Mother(Female)'s role models is an essential way to develop their children's balanced identity.

Regards.
