

INQUIRY INTO GREYHOUND RACING IN NSW

Organisation: Nonhuman Rescue Ops Inc

Date received: 4/11/2013

NO to greyhound racing, full stop. animals DO NOT know the rules. its exploitation and abuse at its highest and the govts know it. these dogs were not meant to race, same as horses were not born to race, its been a human made industry for them to make profit at the expense of the sentient animal . the only betting should be on humans who understand the rules. end speciesism now. its a prejudice.
