INQUIRY INTO USE OF CANNABIS FOR MEDICAL PURPOSES

Name: Name suppressed

Date received: 15/02/2013

Partially Confidential

I, m years old, I have 3 sons, aged , i,ve been with my partner for over years, I don,t drink, I smoke cannabis occasionally, and have done so for over 30 years. My health is in exceptional condition, with the exception of chronic back pain caused by an injury I received over 30 years ago. I run an so most of my work is quite demanding on my body, smoking Cannabis on the weekend allows me to function as a normal human, in that I can continue to work, with minimum interruptions caused by lower back pain. I don,t and won,t take anti inflamatory,s, as I have a very sensitive stomach. I,ve gone for long periods of time without smoking cannabis, and definatly suffer much more pain. Cannabis is no doubt the best pain management drug I have used, years of smoking and I can still stop or start at will. Please do not hesitate to contact me if you require any further information.
