## **INQUIRY INTO COAL SEAM GAS**

**Name:** Mr Sam Bragg

**Date received:** 4/09/2011

---

I am writing to protest against CSG in the pilliga, my family draw water from this aquifa and test results show this to be some of the cleanest water in the world. The no guarrantee, take the money and run approach taken by the mining industry, not only puts profit before people, but threatens my water, the artesian basin, fragments and pollutes the forrest, increases fire risk and impacts on biodiversity. With current levels of CO2 in the atmosphere we need energy resources from renewables not fossils. Please dont allow the lungs of NSW (our forests) and our water to be sacrificed for cash, it belongs to the people, my children and the future generations to come.
