INQUIRY INTO GREYHOUND RACING IN NSW

Shane Eades.

Submission.

NSW as the Premier State deserves to continue to have greyhound racing as a form of entertainment as it is an inclusive progressive sport which gives the participants and spectators an outlet to enjoy their hobbies and pastimes. To see Greyhound Racing be forced from the public and participants would serve to destroy the democratic rights of its participants and spectators thereby leaving a hole in revenue for the TAB and Government coffers. It gives the dogs an outlet and purpose.

Yours Truly,

Shane Eades.
