A complete waste of tax payers money.

How a 8m by 3m shed can cost over \$600,00 is beyond me. What makes it even worse is that we have another building not 100 metres away. That is being built by a private builder that is 5x the size of our so called canteen and only costing \$450,00.

It not only makes the Government look bad it makes us look stupid for falling for yet another stuff up made by them.
