INQUIRY INTO EDUCATION AMENDMENT (ETHICS CLASSES REPEAL) BILL 2011

Name: Ms Melissa Moore

Date received: 23/02/2012

Please do not repeal the Education Act (Ethics) 2010! My little girl starts school next year & I would love to think that her chances of receiving a whole & balanced secular education will be high as she graduates up each year... In this day & age I really believe EVERY family should have a choice - not just between what religion to choose but whether to choose one at all.
