

INQUIRY INTO GREYHOUND RACING IN NSW

Name: Name suppressed

Date received: 16/10/2013

Partially Confidential

I am absolutely appalled with greyhound racing australia. We as civilised people in todays world need to stop being so cruel to these poor dogs. These animals are discarded just like rubbish being thrown in the bin, if they are not winning races or are too old. My neighbours have about 12 greyhounds in there backyard, all in small cages. They whinge to be let out of there cages and in turn the owners get frustrated, swear, scream and rant at these dogs that are obviously making them money, needless to say there is tension between my neighbours and i. I have previously contacted greyhound racing nsw about the cruelty but they never responded to my complaints. Greyhounds are beautiful placid dogs that are exploited and used just for our entertainment. Disgusting. Gambling is a very bad habit to develop anyway, so we should stop abusing these poor dogs and in turn stop developing more gambling addicts.
