

INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Lyndsay Wilcox

Date received: 6/11/2013

"I would like to see greyhound racing banned for humane reasons. Its behaviour is not consistent with the values of modern society and I believe the racing industry should be made to be completely honest and transparent about the number of greyhounds killed and injured every year, at races and in training, and that euthanasia numbers be publicly available" I am an Australian citizen.
