INQUIRY INTO GREYHOUND RACING IN NSW

Name: Name suppressed

Date received: 6/11/2013

Partially Confidential

I wish to rebut the following submissions:

Submission by -

1>Greyhound Industry promoted by charities - The charities mentioned receive money FROM the greyhound Industry & their support , by way of promotion is negligible.

2>Industry websites - Greyhound Daya does not have unnamed dogs except pups for sale.

3> I f greyhound names are not entered by the owner, breeder or trainer, it DOES NOT MEAN the unnamed littermates have been euthanised - That's just BS

4> "Kill the puppy" What a load of crap !! If there was only 1 pup, it stands to reason that the breeder would want to have some return on the investment of the service fee, vet bills etc

The figures in the charts are ALL HER OWN WORK! The huge difference in the figures between Vic & Nsw would have had the alarm bells ringing
