INQUIRY INTO NSW WORKERS COMPENSATION SCHEME

Name: Name suppressed
Date received: 16/05/2012

To whom it may concern,

I wish to express my opposition to these changes the government are proposing to cut Workers compensation.

My partner was recently injured on his way to work and had to have medical treatment and time off work. With these new changes he would had huge financial problems. If he wasn't on his way to work then the injury wouldn't have happened.

Kind Regards,
