**INQUIRY INTO PLANNING PROCESS IN NEWCASTLE
AND THE BROADER HUNTER REGION**

Name: Mr Odiferous Mcdonald

Date received: 27/10/2014

Do not allow the resumption of public lands on the promontory above King Edward Park.
How dare outsiders decide how our city looks and is run. How dare you attempt to take
public lands and give them over to profit, what is wrong with you?
Keep your hands off our rail line-leave our beautiful historic city alone and stop over
developing to line the pockets of a few people while the citizens lose out.
