## **THE TRANSPORT NEEDS OF SYDNEY'S NORTH-WEST SECTOR**

**Name:** Mrs Hazel Toomey

**Date received:** 13/10/2008

---

our office at parramatta is relocating to rhodes.  
most staff come from the outer or north west district.  
this travel impacts with time, inconvenience and cost.  
many will spend 2 hours or more each way to work.  
many have to now drive instead of public transport.  
the north western train line is a must given also the growth of the northwest.
