**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

Name: Mrs Fiona Schirmer

Date received: 27/02/2009

In regional areas we cannot afford to lose our police to support prison requirements. If the police are concerned about privatising prisons, we support them.
Government has got to stop transferring responsibilities, and selling to the private sector.
The NSW Parliament might be broke financially, but don't break a police system which works!
