INQUIRY INTO RURAL WIND FARMS

Name: Ms Tracey Hall

Date received: 3/08/2009

Dear Director

As a resident of Middlebrook Drive Scone

I would like to vote against the proposed wind farm development Kyoto park

This site is totally unsuitable we like our farm life and rural views

Why aren't these sites developed at the local coal powered electrical sites Liddell and Baywaters where they affect no one

Please reconsider for the sake of Scone a Rural paradise

Tracey Hall
