

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Newton Laycock

Date received: 15/02/2013

I was born from my Father and through my Mother, Mum continued to deliver in all nine children, four boys and five girls, each alive and producing children including great grandchildren.....all by man and wife partnerships. This family numbers nearly 100 , all in Australia.

History established this as the norm.....any juggling around, whatever format, is tantamount to defrauding the proven concept of marriage.
