## **INQUIRY INTO GREYHOUND RACING IN NSW**

Dear Greyhound Racing in NSW

What a pity the information in the ABC's 7.30 report was just a little off. The greyhound figures used during this report did not add up. Watching this report and being involved with the greyhound industry for 31yr, it was a total laugh. While there are people out there doing the wrong thing, when they get found out they should be OUT. A large percentage of people are doing the right thing by their dogs and the industry.

Please are always quick to catch someone out doing the wrong thing - what about the guys doing the right things.

Sincerely,

Jo Smith
