**SELECT COMMITTEE**

To: Legislative Council Select Committee on Greyhound Racing in NSW

Date: 28 October 2013

Submission Heading: Greyhound Racing NSW

Relevance4/Terms o Reference:

What I would like to say:

1. Greyhound Racing NSW has had the worst administration for 40 years and is on its knees
2. First priority Greyhound Racing NSW must have a CEO with the power of a great business person like the late Kerry Packer to run a multi-million dollars business, the total turnover of the Australia betting on greyhound racing is 1.25 billion a year, the system they run the greyhound racing NSW business is unprofessional
3. Greyhound Racing NSW must convince NSW Government MP Geroge Souros Sports and Racing Minister to abolish the inter-code agreement or the greyhound racing industry in NSW will die a slow death
4. Greyhound Racing NSW must have a super track to raise our best greyhound eg. sandown racing track in Victoria, then NSW greyhound racing can compete on a level playing field
5. I would be grateful if the Legislative Council Select Committee on Greyhound Racing NSW take the above recommendation into your consideration, otherwise Greyhound Racing NSW will always be inferior to the other states in Australia

Yours sincerely,
