Dear Teresa,

I wish to submit the following and attached information as a submission to the Inquiry into the ASNSW. I am happy to appear as a witness and would like the information I provide to be partly protected, i.e. my name withheld.

As you will see I have been trying to obtain information from the ASNSW however that have been very slow and not co-operating by providing the info. In brief, at my IRC hearing the representing the ASNSW sworn under oath that she had made a police report in regards to a missing drug register (a register that would have proved my innocence). At the hearing she could not recall when or where she made the report. I have requested the report or at least some details from the ASNSW and they are not co-operating. Indeed, I will allege that no such report was ever made to the police and that lied to the commission.

Also of concern was an email sent by to the then Health Minister Hastigos. The email was outlining concerns that the ASNSW had spent approx half a million dollars at the time trying to dismiss me and that the funds could be spent better elsewhere. Hastigos did NEVER reply to that email, however, he provided it to the IRC and it was used as evidence against me and it can be found in exhibits of my IRC matter. Also, my request to Jemma that he investigate my assault which was witnessed by 2 managers within the ASNSW who gave sworn evidence (also can be found in exhibits including) and Jemma allowed Rochford to deny interviewing the witnesses and subsequently promoted to the assailant.

In addition, the IRC commissioner allowed for the ASNSW to use illegally obtained tape recordings on no less than 5 occasions to be played in the 33 day unfair dismissal hearing. No action has ever been taken against the ASNSW for its breach of the listening devices act.

I have too many numerous well documented and verifiable incidents that I could put forward. I have sent countless evidence to John Brogden and many other ministers since. I lost faith in the system when I saw how the ASNSW and government ministers such as Hastigos and Jemma can influence the IRC and act in a manner that I thought was lawless.

I have attached a number of documents stored on my computer from previous correspondence to the ASNSW and also Alan Jones via and John Brogden. In addition I will be forwarding some emails on from my private email address which have been received from the ASNSW over time, including their most recent reply yesterday regarding my requests for crucial information I wish to present to this Inquiry which will prove the ASNSW indeed had lie to the IRC I believe. This information has still not been provided by the ASNSW in spite of being requested several weeks ago.

I would applaud and support any enquiry into the ASNSW which explores bullying and harassment as I feel in my plus years I was subjected to this on many occasions. I give authority for any and all of the matters in my IRC hearing to be explored by the Inquiry committee.

Kind regards
