

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Charles Simonds

Marriage is a union between a man and a woman. A union between a man and a man is a homosexual union. A union between a woman and a woman is a lesbian union. These are the simple facts. We should not define other unions as marriage as this devalues the very existence of marriage. Marriage creates children the other two unions can't do that. Children need both a man and a woman to bring them up. That is the best for them. Why settle for anything but the best.
