## INQUIRY INTO GREYHOUND RACING IN NSW

**Name:** Name Suppressed

**Date received:** 4/11/2013

---

Partially Confidential

my submission is that greyhound racing has insufficient prizemoney how are we suppose to look after our animals when things have gone up like vets bill for example if you went and had a cesarian with your greyhound in pup it use to be 400 dollars now it can be from 900 to 1300 dollars let alone petrol prices food prices and many more essential things you need for your animals welfare we do not get the right percentage from tab turn over it goes to the horse racing industrys it needs to be changed.
