## **INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW**

**Name:** Mr Jim Massey

---

My wife and I are absolutely opposed to same sex marriage on moral grounds. We feel that it will undermine our society by distorting the family unit. Nature calls for a family to be a mum, a dad with any children that they have. While issues can arise that break up families, that doesn't mean that we should make it worse by adding same sex marriages. It's wrong, it's harmful and it will damage society. We oppose same sex marriages vehemently and that one issue would cause us to vote in the next election for a person who shares our view.
