- 12) Feel free to consult me at any time as my heart and soul is in this sport, having grown up on a greyhound orphanage with Uncle George & Nana saving hundreds of dogs lives by giving them a kennel even as pensioners when friends of their were no longer able to keep their dogs. He got many an old dog back to the race track and won many races with veterans such as Quick Stitch who as we all know broke the Lithgow 706m track record at age 5 years 2 months winning the John Redden Trophy Final in 1982. At the time it was a Guinness world age record. He went on to Invitation Class at Harold Park and Richmond. But then again Old George & Noeline Costandis LOVED their dogs. And so did I.
