INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 15/02/2013

Partially Confidential

I believe marriage is between a man and a woman. I would like to think that our elected members would have the decency to leave it as a given instead of pandering to the minority for a few votes. I am most definitely against gay marriage, we might as well throw out all our laws and let mayhem rule if we allow this to happen. Where are all the strong leaders now days?
