**Subject:** Racing Greyhounds

Dear Director,

I am writing to express my concern over the treatment of greyhounds in the dog racing industry. The current regulations do not protect the dogs from mistreatment and abuse. Laws must be stronger to protect the animals!

Please consider the following issues in your enquiry.

1. Stronger penalties for animal cruelty.
2. Laws protecting dogs from over-breeding
3. Strict legislation for the licence to sell dogs, and more accountability by owners
4. Set in place measures to reduce the number of dogs euthanised each year
5. Stop exportation of dogs to countries where they are not protected under the law.

Sincerely,  
Chris Gleisner
