**INQUIRY INTO PLANNING PROCESS IN NEWCASTLE
AND THE BROADER HUNTER REGION**

Name: Miss Sarah Blakemore

Date received: 29/09/2014

The corrupt Lord Mayor Jeff McCloy and liberal member Tim Owen have left Newcastle questioning every decision that has been made for its development.
The rail line closure and development decisions have all been made under a corrupt government. These decisions must be stopped and the people of Newcastle empowered to portray their view. I have never been so disillusioned.
An inquiry must be held before any decisions are finalised.
How can we trust again? Hopefully an inquiry will instill trust again
