

## **INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW**

**Name:** Mrs Marion Rogers

**Date received:** 7/02/2013

---

I sincerely regret that the State Parliament is bringing up this subject again. It has already been voted against. It is not a State issue it is a Federal issue. Different states having differing laws on such issues is ludicrous, confusing and causes uncertainty. If another decision is required it should be by referendum with information supplied on both sides of the topic. Marriage is a commitment union of a man and a woman to encourage the responsible upbringing of their children, it is not only about love
