INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Eddy Kuysters

Date received: 9/02/2013

Dear Sir/Madam,

Apart from a Global crisis,....that was created by greedy and immoral people, we are now going to destroy God's principals completely while we are at it?

It seems we don't learn from history. My God is a lot stronger than all the money and power any Government thinks it possesses.

Isn't this sodom and Gomorrah all over again. We all know the reasons behind this, it doesn't take a university degree to work out.

However I can promise you one thing, if this goes through and gets approved, you will most definitely see some disastrous things happening as a result.

This is an insult to God's creation and His laws. If you love your families, you need to consider them as we haven't seen real disaster yet. Flooding & fires,

yes indeed, we have always had them,....but not to this extend.

We are a Christian nation and our God will not take this nonsense.

Kind regards

Apart from the above:

PS: Marriage is a federal, not state, issue under Australia's Constitution – so a NSW bill relating to marriage or "same sex marriage" would be invalid and unconstitutional.
