

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Miss Sherrie Smoothy

Date received: 31/01/2013

I think its about time we did the right thing and gave Same sex couples the equality they deserve. I know and have more same sex couple friends then I have hetrosexual friends that love and care for each other just as much as any other couple I have known. Why should they be discriminated against and not given the same rights as hetrosexuals. We as people have stopped discriminating, its excepted and peoples mind sets have grown and gchanged. Its about time the government grew a little too.
