INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mrs Wendy Back

Date received: 9/02/2013

Dear Honourable Members of Parliament, Our genuine representatives in Government. Thank you for reading my submission.

I do NOT wish the law to be changed towards giving gay and lesbian citizens the same recognition of marriage as marriage between a man and woman. Equal respect, Yes, but equal recognition, No.

Reasons: It is not what God honours nor is it according to His designation for marriage.

It may provide pleasure, but not pro-creation.

Society is greatly benefited through stable families of a father, mother and children who grow in esteem for others, love and kindness.
