I'd like to keep on doing home schooling. I really like that I get to see Mummy and Daddy all the time. There are other kinds of things you can do in home schooling you can't do in school, like whole-year projects [that you decide on yourself] and spinning. You get to go to the museum whenever you can arrange it. I don't like all the normal stuff like maths and spelling, but I'd have to do that at school anyway.
