## **THE TRANSPORT NEEDS OF SYDNEY'S NORTH-WEST SECTOR**

**Name:** Mrs Julie Little

**Date received:** 15/10/2008

---

Dear Sir,

The Baulkham Hills Shire is one of the fastest growing areas in Sydney for housing development. However, it has been totally inadequate in coping with the needs of our many public transport commuters trying to travel in and out of the area for their work. Also, inefficient for the general public simply wanting to go into the city or elsewhere. As you are aware, we are totally dependent on a private bus service, which although, it does its very best is unable to cope efficiently because of the sheer numbers of people using it daily. Could you please see your way clear to allocating government finances for a Railway Service in the Baulkham Hills Shire within the next two years. Hoping this letter will not be ignored by government.

Yours sincerely

Julie Little (Mrs)
