

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Jim Massey

Date received: 8/02/2013

Dear Sir or Madam,

Please be aware that I oppose same sex marriage in the strongest possible way. While I find the homosexual lifestyle abhorrent, I understand that there must be personal freedom as much as possible in our society. However, that doesn't mean we need to put our stamp of approval on it by allowing same sex marriage. I believe it is destructive to family life not only for the 'partners' but also for the children they will raise. This in turn will be destructive to our society.

Also be aware that people of all walks of life and backgrounds oppose this. I have a graduate diploma and a master's degree.

Kind regards,

Jim Massey,
