Dear Select Committee

Many tenants in Millers Point social housing have been living in Rocks for a long time and these are their homes and not just housing they leave in. The majority of these tenants are elderly, frail people of poor health those very survival depends on having family, medical, psychological and other support systems not available if they are forced to relocate. For years and years government assured them that they will not be forced to move.

The government should not force the tenants of Miller Point social housing to relocate.
