INQUIRY INTO COAL SEAM GAS

Name: Name suppressed

Date received: 14/09/2011

Partially Confidential

SUBMISSION to the NSW Parliament Coal Seam Gas Inquiry

I live near a water catchment area. As a public citizen I am not allowed to enter the catchment area I accept my exclusion from this area in order to preserve the water quality and environmental values of the area.

I actually enjoy drinking potable water from my kitchen tap and think it is marvelous that such high quality water is readily available. So many people throughout the world do not enjoy this luxury.

Yet the NSW Government has given private companies licenses to both explore for coal seam gas and to extract underground coal from this area.

This does not seem prudent.

Yours faithfully
